

Career Objective

Frontend-focused MERN developer with internship experience building scalable React.js and Next.js applications. Experienced in API integration, Redux Toolkit, and responsive UI development. Seeking to contribute strong problem-solving and modern web development skills to an Associate Software Engineer role.

Education

Master of Computer Applications (MCA) Chandigarh University, Mohali | 2025-2027 Current CGPA: 8.3/10.0
Bachelor of Computer Application (BCA) SDSU University, Uttarakhand | 2022-2025 Aggregate: 79%
Secondary Certificate (Class XII) Central Board of Secondary Education | 2022 Percentage: 80%
High School Certificate (Class X) Central Board of Secondary Education | 2020 Percentage: 80%

Internship Experience

MERN Stack Developer Intern | TechPyro Groups Dec 2024 – May 2025

Developed and deployed 12+ REST APIs using Node.js and Express.js.
Optimized MongoDB queries resulting in 15% faster response times.
Collaborated with frontend teams to integrate APIs across multiple production applications.

Technical Projects

Physiopilates Healthcare & Wellness Platform (Next.js & React) April 2026 – May2026

Engineering a high-performance web platform using Next.js to provide optimized (SSR) and seamless route navigation .
Designing intuitive, mobile-first UI layouts with Tailwind CSS, mapping dynamic course components.

Civic Tech| Next.js, Node.js, Express.js, MongoDB July 2025 – Jan 2026

Built a responsive Civic Tech web app to enhance access to public services.
Designed user-friendly UI for better usability and performance.

E-Commerce Clone | React.js, Node.js, Express.js, MongoDB Feb 2025 – May 2025

Built a full-stack-ecommerce webapplication using React.js, Node.js, Express.js, and MongoDB.
Implemented product listing, filtering, cart management, and API integration.

Unique QR / Visitor Management System | React.js, Node.js, MongoDB Dec 2024 – Jan 2025

Developed a visitor tracking dashboard with card and table views.
Integrated APIs using Redux Toolkit Query for real-time data handling.

Technical Skills

Core Fundamentals: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOPs), Database Management Systems (DBMS)
Programming Languages: Python, SQL, JavaScript
Web Technologies: HTML5, CSS3, React.js, Next.js,TypeScript,Tailwind CSS, Node.js, Express.js
Tools & Databases: Git, MySQL, MongoDB, MUI
Additional Skills: Basic understanding of Blockchain, Ethereum, Smart Contracts, and Web3 concepts.

Interpersonal Skills

Strong analytical and problem-solving abilities.
Effective leadership and teamwork in collaborative environments.

Achievements & Certifications

Winner: Project Expo | Chandigarh University |Secured 1st position
Certification: Full Stack Development Certification – OctaNet (2024)
Internship Certification: Full Stack Developer Intern – TechPyro Limitedes (2025)

Additional Technical Activities

Open Source Contributions: Contributing to UI library documentation and collaborating on GitHub projects to improve code quality and maintainability.
Full-Stack Development Practice: Developing and reviewing productivity tools and web applications to strengthen API design, MongoDB schema structuring, and end-to-end MERN stack integration
